

PRINTABLE ACTIVITY PACK

Ocean Learning Adventure

Color | Count | Trace | Match | Create

Ages 3-5 | 10 low-prep pages

Before you begin

A calm, connected learning pack

Each page practises one clear skill. Say the prompt aloud, let your child try, and offer a small hint before demonstrating. There are no timed tasks and no wrong-color rules. Stop while the activity still feels fun.

COLOR

Name colors while coloring the reef.

COUNT

Touch each object once while saying its number.

TRACE

Start at the large dot and travel slowly.

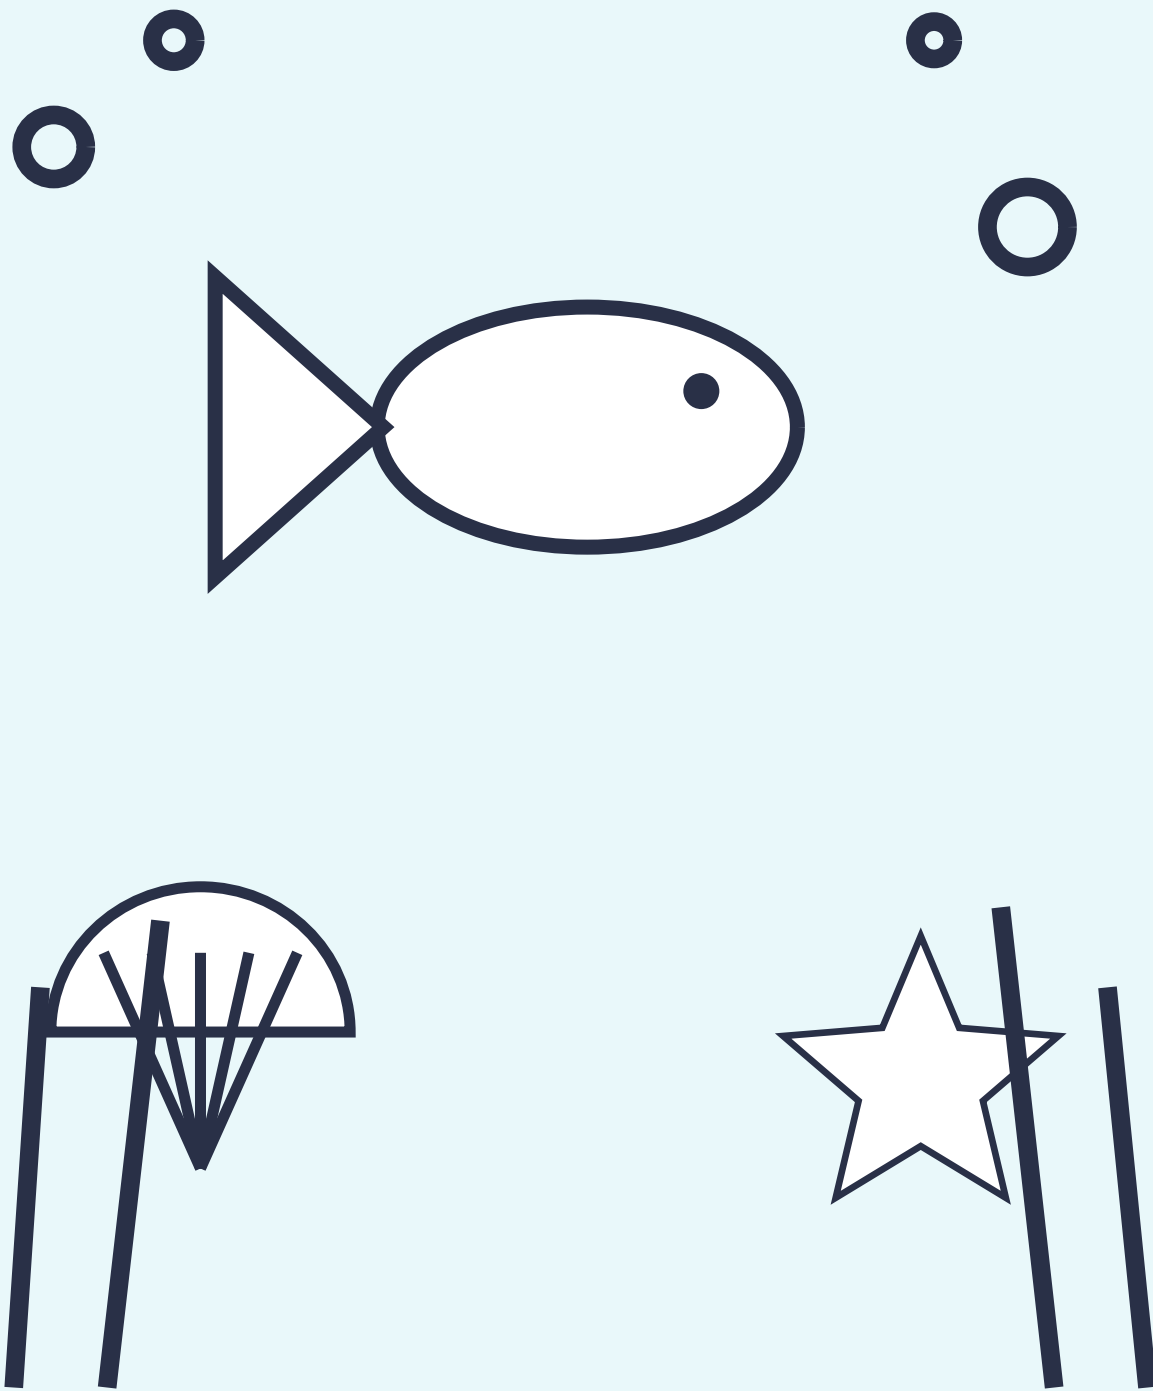

MATCH

Notice shape, size, and visual details.

CREATE

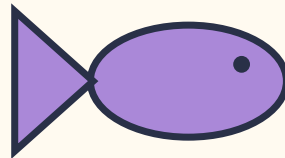

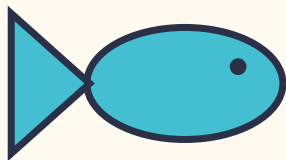

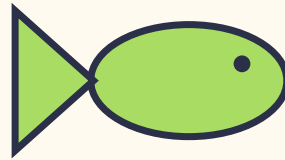

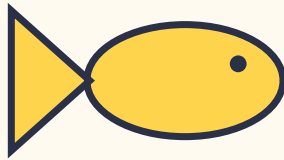

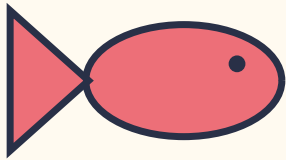

Invite a story about the finished picture.

Color the happy reef

Choose any colors you like. Tell someone about your reef.

Count the fish

How many fish can you find?

3

4

5

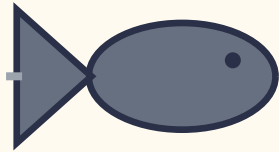

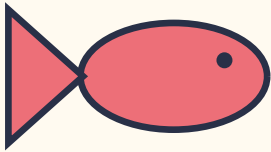

Touch each fish as you count. Circle the matching number.

Swim along the paths

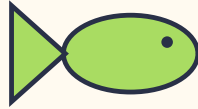

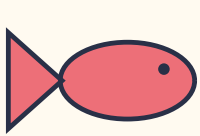

Start at the coral dot. Trace each path from fish to shell.

Match the shadows

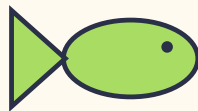

Draw a line from each colorful picture to its shadow.

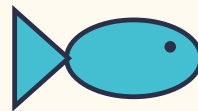

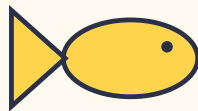

What comes next?

?

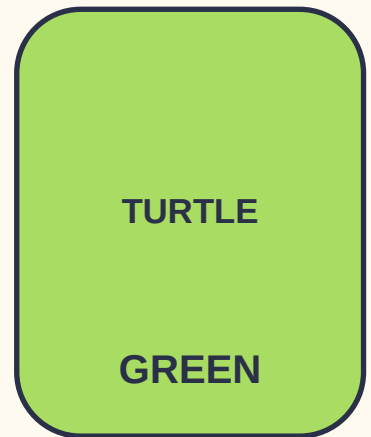

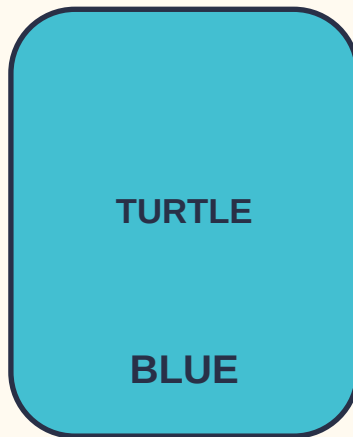

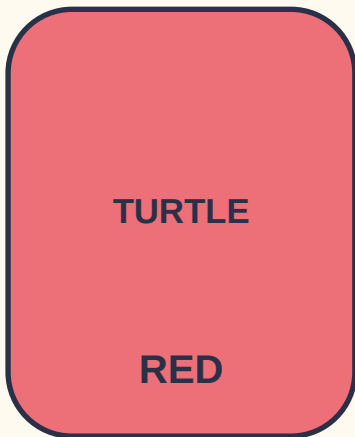

?

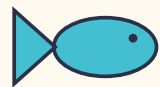

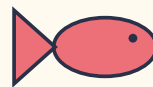

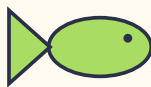

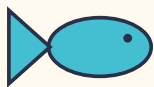

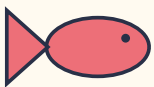

?

Say the pattern aloud. Draw what should come next.

Feed the colorful turtles

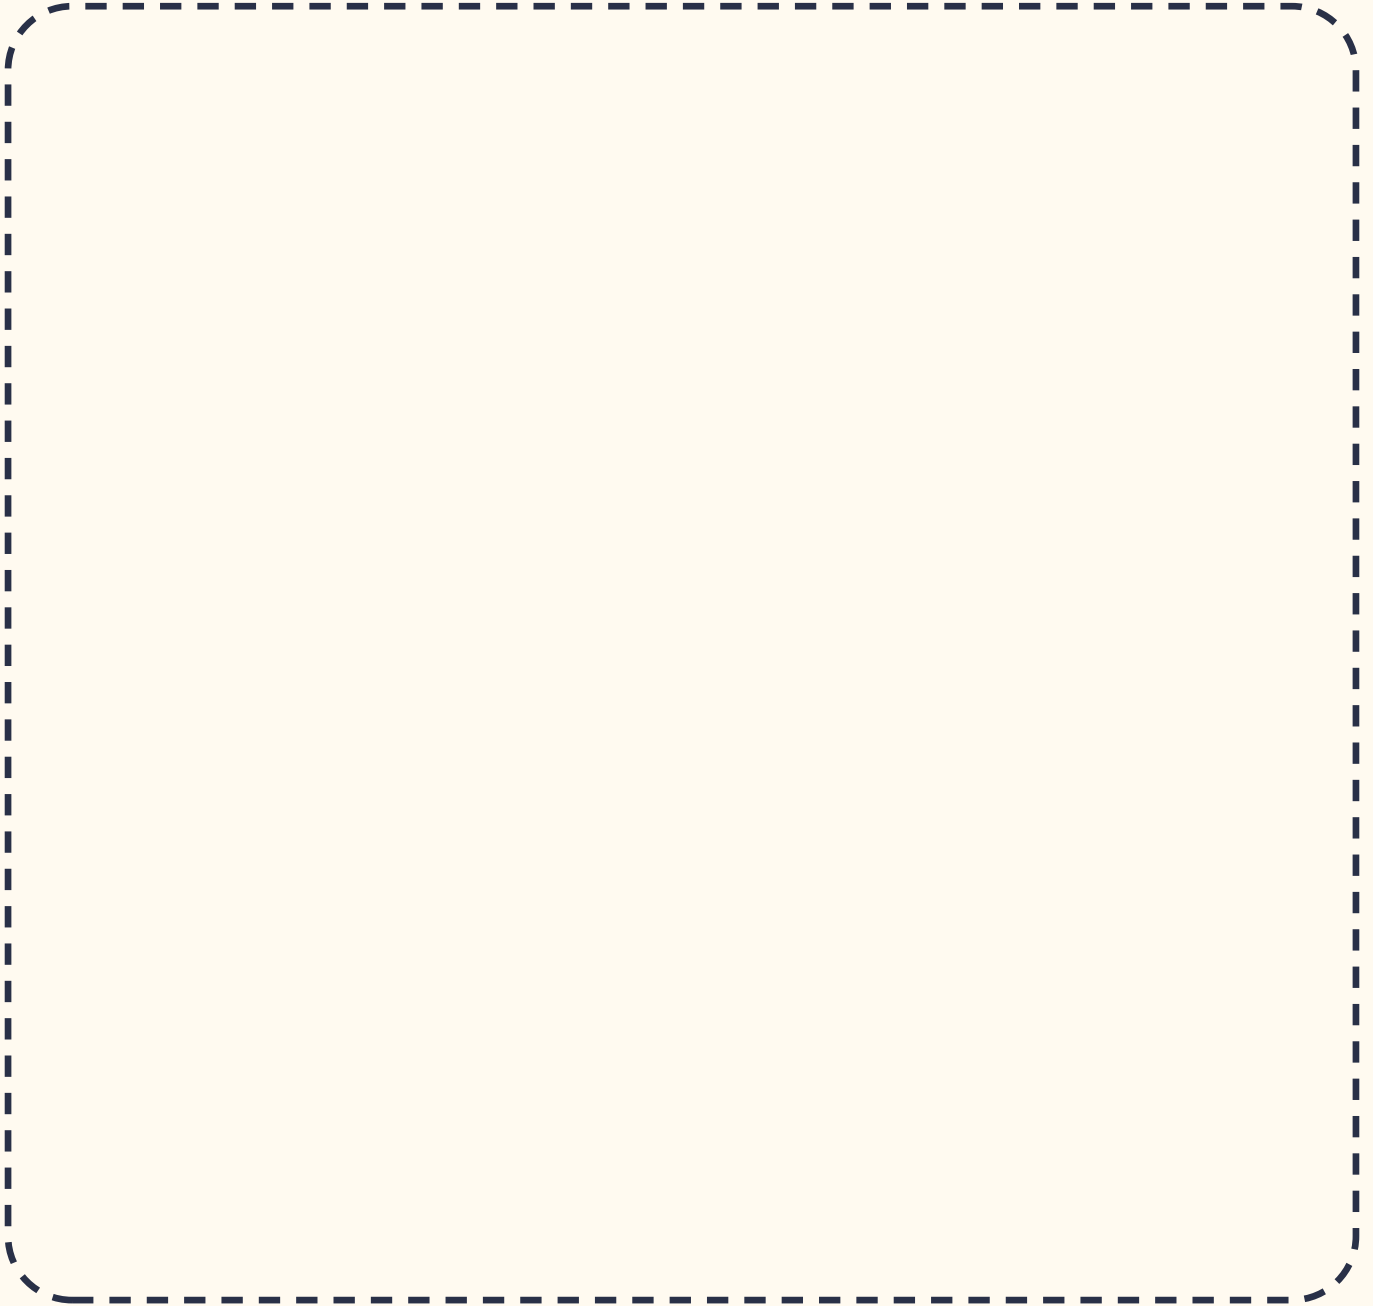

CUT ON THE DOTTED LINE

Cut out the fish. Place each one with the turtle of the same color.

Design your own sea creature

My sea creature is called: _____

It likes to: _____

Draw, name, and tell a story about a brand-new ocean friend.

Ocean Explorer Certificate

I explored the ocean!

I practiced colors, counting, tracing, matching,
patterns, sorting, and imagination.

Explorer name: _____

Date: _____ Grown-up: _____
